Activity Tracking

Prescription

Cover Type Obj: Planted RP

Acceptable Regeneration is a fully stocked stand of Red Pine.

Approved Methods: Chop, Masticate, Burn, Trench, Spray, PCT and Plant per TMS specifications.

MIFI Start Date: 10/01/2026

Implementation Notes

Comments: Harvest Completed 10/2024. Clean site, but regen has come back thick in spots. Doesn't appear to be Oil/Gas activity in the area. Good access off of Straights HWY to Astor Road. Very sandy, Astor Road can be narrow before meeting up with Blueberry Road.
