

"The Legend" Disc Golf

Sleepy Hollow State Park

The Legend Disc Golf Course opened in fall 2009. The course is laid out in former farm and pasture land now covered with second-growth forest, mostly black locust. A gas line right-of-way remains much of the course as open grassland.

Disc Golf is played using a flying disc with similar rules as traditional golf. One stroke is counted each time the disc is thrown. When the disc comes to rest IN THE BASKET, the hole is complete. The player with the lowest score wins.

- After teeing off, the player farthest from basket throws first.
- Never throw until players in front of you are out of range.
- Flying discs can cause injury. Use caution while on the course.
- Please do not litter
