|----------|--------------|---|---|
| Pulpwood | slash or dot | 5 | 4 |
|----------|--------------|---|---|

Tally intensities

| Species / product | Ratio: |
|-------------------|--------|
| | 1 : |
| | 1 : |
| | 1 : |
| | 1 : |

Species to favor: Best tree in place

Species to reduce:none

Special Marking Instructions

Stump marks must extend to ground level. If moss surrounds the base of the tree, it must be scraped off where the stump mark will be made. Bole marks, (two are required), must be made on opposite sides of the tree and should be at eye level. Sawtimber trees will be marked with a double slash and one dot for every 100" sawlog tallied.

Unless otherwise specified, the tally sheets used must be those provided by the Management Unit.

Restrictions: We wish to be able to identify who did what on our sales. You may not have more than two markers in one payment unit without approval. Each marker should have an assigned area to mark (not strips).

Paint: Call Gwinn Field Office to make all paint arrangements. Paint will be supplied from (location) Gwinn Field Office. Contractors work schedule must coincide with the DNR work schedule for paint supply. The DNR will not deliver paint on weekends or evenings.

Deliverables:

1. A list of who marked (cruised) each payment unit (names)
2. A summary of paint used (in quarts)
3. Tally summaries for each payment unit, (one summary regardless of the number of markers) and all of the original tally sheets.
4. GPS files for any GPS work done.
