**Implementation Notes**

Comments: FTP Name: Ice Roost Red Pine Salvage. This sale is still open and will expire 06/30/2026. The stand was chipped and is ready for cultivation work. This stand was a part of the ice storm salvage and was cut in the summer of 2025. Stand may not require chopping as there is minimal sprouts and little to no slash. Stand is rolling to flat. Landing locations were along adjacent roads and trails. This site was proposed to get planted with the nearby sale "Bummers Roost Red Pine."

MIFI Start Date:
