

FOREST TREATMENT PROPOSAL
Compartment

Proposal #
C52-581

Drafted/Reviewed
09/23/2026

Forest Management Unit		County	Timber Sale Number: 52-019-25	YOE: 2019	Compartment: 52014
Gaylord		Otsego	Sale Admin Staff: D. Morris	Stands: 15	
Township	Range	Section(s) and Subdivision(s)	Harvest Completed By: Sept 2025	ACRES: 34.8	
29N	02W	19	Contract TCR Date: 06/23/2026	Covertime Obj: Planted RP	

Proofing Comments	Activity Tracking	Prescription
REC: none		Cover Type Obj: Planted RP
WATER: No water resources in immediate area.		Acceptable Regeneration is a fully stocked stand of red pine. West line was straightened for easier planting.
HAL: none		
MNFI: Historical hits for spotted turtle, yellow-banded bumble bee, and imperial pine moth. None appear within the last twenty years; all pre 2000.		
Drafted & Reviewed: 09/23/2026 D Morris		
Implementation Notes		
Comments: FTP Name: Red Pine stand that was thinned and then subsequently severely damaged by the ice storm. Salvage harvest had reduced volume, consequently, slash is not excessive but roller chopping still recommended. Stumps heights are consistent and to specs. Terrain is rolling gentle slopes and with some level ground. Best access either through road to East of Replant or directly off Viking Club Rd.		
Approved Methods: Chop, Trench, Spray and Plant to RP at standard spacing per TMS specifications.		
Planting treatments were approved after the variance to harvest.		
MIFI Start Date: 10/01/2026
