Michigan D		Department of Natural Resources - Forest Resources Division FOREST TREATMENT PROPOSAL			FTP#	P# C72-982		
Forest Manageme	nt Unit	County	Timber Sale Number	r: 013-21	Comp 236		2021 YOE	
Grayling		Crawford	Harvest Completed I	By: 2025	Stand(s) 2	26		
Town Range 26N 03W	Sections 12		Cover Type Objective:	RP	Acres: 6	7		
2011 0511		ditional Instruction	-		F	Prescription	1	
This cultivation area was cut in 2022 and 2025. The site was whole tree harvested and left clean (minimal slash). The west portion cut in 2022 has some cherry and oak sprouts established now. A sandy area used as an ATV scramble/shooting pit has been excluded from the prep area (west of Elbow Trail) but, trenches and trees should be placed up to the edge of the sand where it will hold trees.					Approved Methods: Trench and plant rp. Site prep as needed, including chop and spray.			
Rec Keystone Landing Campground NW of planting area (not affected)					Site was cut and chipped. Very little residual slash and stumps cut low. West portion was cut in 2022 and east side			
Water none w/in 500 ft								
Arch no hits	74'01'					cut in spring of 2025. Home owners use Elbow Trail to access houses north of		
MNFI Rough fescue hit adjacent to stand and Hill's thistle hit to the NW (near Keystone Landing). Drafted & Reviewed: 09/03/2025					planting area.
