State Parks/Recreation Areas

Wildlife Areas

Township/City/Village

Boating Access Site

State Park Campground
- WASHTENAW COUNTY
State Forest Roads: 16.9 miles
State Forest Roads Open to ORVs: 0 miles
- Per Public Act 288 of 2016; Forest Road Inventory in the Northern Lower Peninsula Land Use Order of the Director Amendment No. 5 of 2017; and the Natural Resources and Environmental Protection Act 1994 PA 451, as amended, which authorizes the Director to issue orders to implement land use rules, an individual shall not operate a motorized vehicle, other than a snowmobile, in this county unless the motorized vehicle is operated on a forest road, designated route, designated trail, or designated area illustrated as open on this map.
- The DNR Forest Roads Maps are only published once per year on April 1. Please be aware that the State of Michigan routinely buys, sells, and exchanges state-owned land throughout the year. As a result, please reference the "Interactive Map Current Road Status" at Michigan.gov/forestroads to see the most up-to-date and accurate DNR ownership. Referencing the interactive map will help to prevent unintended trespass onto privately-owned land.
- The normal and continuing use of state forest roads is to provide the general public with access to state forest lands for a variety of recreational purposes and to provide the DNR with road access for management and land protection purposes. These state forest roads may also provide on an incidental, nonexclusive, permissive-use basis, access to private lands. The public may use state forest roads as long as the DNR allows the road to remain open to general public use. As members of the public, adjacent landowners may also utilize state forest roads. However, unless an easement has been granted by the DNR, state forest roads do not provide legal access to private property from a public road, nor is there any guarantee that state forest roads will remain open to the public or be passable at all times of the year.
- The main map displays the geographical layout of Washtenaw County, Michigan. It features a grid of townships and cities, including Lyndon, Dexter, Webster, Northfield, Ann Arbor, Superior, Sylvania, Lima, Selo, Leoni, Pittsfield, Saline, York, Augusta, Bridgewater, and Manchester. The map is color-coded to show different types of land and roads. Red lines represent highways, while orange lines indicate DNR roads closed to off-road vehicles (ORVs). Yellow lines show DNR roads that are seasonally closed to ORVs. Blue dashed lines represent non-motorized trails. Various shades of blue indicate wetlands, lakes, ponds, reservoirs, and estuaries. Light blue areas represent rivers and streams. Pink areas denote state parks or recreation areas, and light green areas represent wildlife areas. The map also shows the locations of boating access sites (blue circles with a white 'S') and state park campgrounds (yellow tent icons). Township and city boundaries are outlined in purple. The map is overlaid with a grid of black lines representing the township and range system.
